

Where Do We Fit in Your Practice?

We are not a traditional veterinary hospital. Instead we offer diagnostic and treatment procedures in partnership with you to **extend your hospital's capabilities** and provide **flexible case management solutions**. We will **perform the diagnostics and treatments** that you specify leaving the ultimate case control **in your hands**.

We offer the following procedures at prices that make care accessible:

Digital Ultrasound • Orthopedic Surgery, Inc. Plated Cruciate Repair • Soft Tissue Surgery: Abdominal & Thoracic
Video Endoscopy • Digital X-ray • MRI with boarded radiologist interpretation
Animal Rehabilitation & Fitness • Acupuncture & Traditional Chinese Herbal Medicine

*Caring for your patients while also
caring for your practice.*
